ZO FALCON
TU8000 F TUBA

Agile Response. Orchestral Power. Exceptional Value.

The Falcon 4/4 F tuba features a 420 mm (16.54") gold brass bell, designed for agile response and balanced projection in orchestral and solo repertoire. Equipped with a hybrid valve system of 4 pistons plus 1 rotor, US mouthpiece receiver and nickel silver slides for enhanced durability and precise response.

The ZO Falcon TU8000 is trusted by professional performers, university musicians, educators, and advanced students seeking a world-class F tuba with exceptional value.
