

ZO NEXT GENERATION FLUGELHORN

Professional Performance. Exceptional Value.

Lightweight. Durable. Built to Perform.

Weighing only 1.3lbs, the ZO Next Generation Flugelhorn in Bb is lightweight, practically unbreakable, and most importantly – fun to play.

Designed for durability, this ZO flugelhorn incorporates a specially formulated polymer that delivers an impressively smooth sound, while the stainless steel valves ensure excellent response, reliability, and playability.

***PC-ABS hybrid material** merges the strength and heat resistance of PC with the toughness and processability of ABS.

Every ZO Next Generation flugelhorn comes with a modern matte finish or in bright silver or gold plate, a high-quality mouthpiece, and a gig bag.

AVAILABLE COLORS

MATTE FINISHES
