

ZO NEXT GENERATION TRUMPET

Professional Performance. Exceptional Value.
Lightweight. Durable. Fun to Play.

The ZO Next Generation Bb Trumpet is designed for musicians, students, educators, and marching performers who need an instrument that is lightweight, durable, and ready for everyday performance.

Constructed from advanced Polycarbonate/ABS material and weighing only 1.1 lbs, the ZO trumpet delivers surprising projection, excellent response, and outstanding reliability. Stainless steel valves provide smooth action while the modern design and vibrant color options make the instrument stand out in any ensemble.
